Ängie

Takes a hundred years to cover up your flaws
I'm lightyears away, ended up in tacky bars
My mother's broken heart, how did it get this far?
Driving drunk in stolen cars, acting like superstars

Poppin' Xanny 'cause it helps me with the pain
So I keep on smiling every day
I love cheap liquor, rum and cocaine
Yeah, I keep on smiling every day

I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck

Everything's surreal, kiss my scars
Got so much fear, falling apart
A thousand tears, such a sweetheart
But you don't care, I am a work of art

Poppin' Xanny 'cause it helps me with the pain
So I keep on smiling every day
I love cheap liquor, rum and cocaine
Yeah, I keep on smiling every day

I tell my last breath, 'fore a red sunset
The thought of death never made me sweat
And I bet these cigarettes
They won't forget the first time we met (I don't give a fuck)

Poppin' Xanny 'cause it helps me with the pain
So I keep on smiling every day
I love cheap liquor, rum and cocaine
Yeah, I keep on smiling every day

I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck
