

We Run

Ängie

Loving you is the hardest thing I've ever done, yeah, sure
It's a lot of fun but we always tend to run
When we start to see the sun
When we start to see the sun

Loving you is the hardest thing I've ever done, yeah, sure
It's a lot of fun but we always tend to run
When we start to see the sun
When we start to see the sun

We run, we run, we run, we run
We run, we run when we start to see the-

We run, we run, we run, we run
We run, we run when we start to see the sun
We run, we run, we run, we run
We run, we run when we start to see the sun

Night time, romance, won't give the signed chance
We just wanna dance, stuck in hypnotic trance
So I say "sorry in advance, boy"
For not giving us a chance, boy

Night time, romance, won't give the signed chance
We just wanna dance, stuck in hypnotic trance
So I say "sorry in advance, boy"
For not giving us a chance, boy

We run, we run, we run, we run
We run, we run when we start to see the-

We run, we run, we run, we run
We run, we run when we start to see the sun
We run, we run, we run, we run
We run, we run when we start to see the sun
