

Air Force Ones

Nic D

Air Force Ones
Can't stop her dancing
In her Air Force Ones
She want go higher
She want Air Force One
She lace em up
She got a pair for fun

Ay pass me the ball
I got the hot hand
Chef boy-ar-Nic-D
Cookin, I got the sauce pan
Woah, new watch battery
Dog I'm clocked in
Ever since icee pop
Popped I got the frosting
Woah, yea chivalry ain't dead
I brought it to the industry
Take it on the chin
Like violins, it's a symphony
(Are you kidding me?)
Are you kidding me, yea
Black panther suit
Every hit give me energy
Mega man, got the slight of hand
Tendinitis man, Spider Man
Got the goblins on me
Off the glider man
Juiced up flowin
Vitamins, feel like Iron Man
I'm dialed in
I got money on the line again
Pick up, flow game give me hiccups
Love how it worked up
Had to do a sit up
Yea, said pick up
Flow gave me hiccups
Love how it worked out
I could get her anything
All she want is

Air Force Ones
Can't stop her dancing
In her Air Force Ones
She want go higher
She want Air Force One
She lace em up
She got a pair for fun

Yea, like the joker could play any role
Breaking bread with the friends, could take any roll
Dr. Oc. bought to use a couple tentacles
All my dogs eating good talkin beniful
Sun's out, with a sky full of marshmallows
Take another to the chin, it's like a large chello
I just try to keep my head up like a car pillow
Sculpt everything around me like I'm Donatello

I'm a renaissance man like
Welches got jams
I'm cooking, pots, pans
Like I'm playing rock band
Took a swing at the thang
Boy I'm going, Tarzan
With the way I'm clearing racks
Think I got a bargain, wait
I should say that bar again
Wait, had to put the pen to pap
Bounce it out, send to Nate
Shoot a video with cakes
Had to learn to delegate
Feel like I should celebrate
Could get her anything she want

Air Force Ones
Can't stop her dancing
In her Air Force Ones
She want go higher
She want Air Force One
She lace em up
She got a pair for fun
