

Costa Rica

Nic D

I put the bill on my Visa and went down to Costa Rica
Just to have a good time with my friends
I met a girl in Nicaragua, she was good, just like the karma
I think she wants to be more than just friends

I was workin' at a surf shop, my walk home was on her block
"Hot damn" was my first thought
If she ain't 'bout it then it's her loss
I got a hammock hangin' wit' your name on it, yeah
And I pour you a mai tai while I put on my tie
You put on your dress, I take you to Five Guys
Sing to you like "La-la-la-la-la"
Sing to you like "La-la-la-la-la-la"

And she not too tough for bad news
She likes loofahs and tattoos
Feel 'em a looser, she must like looser
So let's go nuts, go cashews

I put the bill on my Visa and went down to Costa Rica
Just to have a good time with my friends
I met a girl in Nicaragua, she was good, just like the karma
I think she wants to be more than just friends

Yeah, uh
Let's do some yoga on the beach then, ayy, jump right in the de
ep end
You from the South side, I'm from the East end
I got you handcuffed like a policeman
And this is real life, don't wanna pretend
You had a spotlight, it was a beacon
Talkin' all night without a reason
She like the way I treat every day like the weekend
My heart flutterin', my knees weaken

And we came here for a good time, uh huh
Heh, that's all I got

I put the bill on my Visa and went down to Costa Rica
(I went down to Costa Rica)
Just to have a good time with my friends
(Just to have a good time, ayy, what up, baby?)
I met a girl in Nicaragua, she was good, just like the karma
