

Crazy Steep

Nic D

I used to drown my sorrows in a whiskey glass
Cause I thought the bottom faded memories fast
Your words used to our like bittersweet wine
And they left me spinnin' like the hands of time
(And they left me spinnin' like the hands of time)

(Hey!) Why did nobody tell me
Your heart gets broke when it's on your sleeve?
Why did nobody warn me
The road I'm on is crazy steep?
Road, the road I'm on is crazy steep
The road, the road I'm on is crazy steep

Weight's a little heavy, but I carry it well
Habits cause another story that I'm learnin' to tell
You said we were fine, we gon' make it through
Just because you say it, it don't make it true
With all the times I laid with you
We way more than makin' due
And never got a naked truth

(Hey!) Why did nobody tell me
Your heart gets broke when it's on your sleeve?
Why did nobody warn me
The road I'm on is crazy steep?
Road, the road I'm on is crazy steep
The road, the road I'm on is crazy steep
