

# Crickets

Nic D

Speak that into existence  
All I really need is a vision  
All I really need is persistence  
And never to believe that you get it in an instant  
Add a grain of salt to everybody's opinion  
4th and long is really 4th and inches  
Stay creating and stay consistent  
Find out failure is really non existent  
You get the things you think will make you happy  
Find out later they were insufficient  
Often where you wanna be is on the other side of fear  
But you still keep your distance  
Post a song on the internet I'm just hoping I could get some one to listen  
Often times it falls on deaf ears and I fall asleep to the sound of crickets

Chirp chirp  
Hm yeah who putting In the work work  
Huh dang yea chirp chirp  
Who putting in the work work

Pardon my pain  
I been in the mazes lately  
Starting my way  
I think it's gonna take some patience

Sit back with a Kit-kat  
Nah I'm playin' I don't take breaks  
They say what they say  
I'm not worried about the nay say's  
Make way why you trying to make waves  
Work week looking like eight days  
I could really use a vaca  
Studio is my safe place  
On a roll like I get great grades  
No I don't mind  
If I'm criticized  
I only listen to words that are wise  
What do they want, a piece of the pie  
They wanna fill up just what's eats them inside  
We eat to survive to keep us alive  
Your heart is so cold you keep freezing the time  
Stuck in the past stuck in rewind  
One of my hundreds of reasons to try

Chirp chirp  
Hm yeah who putting In the work work  
Huh dang yea chirp chirp  
Who putting in the work work

Pardon my pain  
I been in the mazes lately  
Starting my way  
I think it's gonna take some patience
