

Double U's

Nic D

It was feeling like i

I was driving off the lot
It was feeling like I lifted it
I guess my last whip. I got too rich for it
Feeling like the ruler. I ain't giving up an inch for us
Tryna move the needle. It's a cinch for us

I wake up like I'm dreaming
Somebody, better pinch me
I never wanted smoke
But now I'm popping out the chimney

I'm burrowed at the top and I ain't never been to Cinci
When I started, everybody said, "It's cringey."

They're blowing hot air
I'm snapping like a pop snare
I'm looking 'round to find some competition, but it's not there
One thing they never heard me say was that it's not fair
They can't cage Nic. It's "Con Air"

But I'm flying, baby. Bon voyage
I been fitting to slide
Like I'm hitching a ride
Pop the stick into "Drive"
I just been figuring i
Could turn an M into 5
Could turn a 5 into 10
Would they remember him then?

Would they remember him then?
I almost let it slip once, baby. Never again
I guess I'm good up here
I been settling in

Watch me flip a M
Yeah. I'll take the W
I'll take the W
Watch me flip a M
I'll take the W
I'll take the W
Watch me flip a M

Look

Yeah. I'm highly concentrated
I'm highly compensated
I make it, then you pay me
Baby, it ain't complicated
They been tryna get their hooks in
Let me tell you how it look to me
Right now, the rim look 6 foot to me

I'm Andre the Giant
I'm super self-reliant
If things are heating up

It's me. It ain't the climate

It's pretty open. Shut
I never needed luck
At least not as a crutch
Nah. I never needed much

Feel like I'm standing on a precipice
Right there on the edge of it
Funny thing is that I just did it for the F of it
They said they got some dirt on me
They must have tampered with the evidence

I move like Doncic is
Exuding confidence
I'm way too dominant
Not good with compliments
Unless it's to the chef
'Cause I been cooking lately
I feel like Gordon Ramsey
I feel like
I feel like if I got it all

Would they remember him then?
I almost let it slip once, baby. Never again
I guess I'm good up here
I been settling in

Watch me flip a M
Yeah. I'll take the W
I'll take the W
Watch me flip a M
I'll take the W
I'll take the W
Watch me flip a M
