

Down For Me

Nic D

100

Would you leave the party early?
Would you ditch me for your girlies?
Do you love me really?
Are you down for me really?

Are you down for me?
Are you down for me?
Are you down for me really?
Are you down for me?
Are you down for?

Yeah

You wouldn't be where you at if it wasn't for me
I ain't lookin' for a cookie or a ribbon or a trophy
I ain't even lookin' for a high five or a hug or a good job or a pat on the
back
I'm just lookin' for a little acknowledgement that if it weren't for me, yea
h
You wouldn't be where you at
I'll take a "Thank you" and leave it at that
Just say you grateful then leave it at that
Babe, you ain't change, how much season is that? Yeah
No credit to no one
You tell me I'm no fun
Do your dance, a slow one

Would you leave the party early?
Would you ditch me for your girlies?
Do you love me really?
Are you down for me really?

Yeah

I don't keep up with no images
I don't keep up with my nemesis
Only keep up with my businesses
None of this stuff a coincidence
I don't want friends with the benefits
I just want you to commit to it
Something the more of, I'm Benedict
Babe, you a ten, it ain't ten of it
Why'd you tell your friends 'bout me?
What it dependent on?
You need somebody to pin it on
You got me thinkin' I did it wrong
Who am I kiddin'?
Who you let in it?
You started doin' some diggin'
If feels so forbidden
If the tables were turned and scale started tippin'
I don't know what you did but I know what you didn't

Would you leave the party early?
Would you ditch me for your girlies?
Do you love me really?
Are you down for me really?

Are you down for me?
Are you down for me?
Are you down for me really?
Are you down for me?
Are you down for?
