

# Favor

Nic D

Love me, hate me  
Trust me, maybe  
School me, use me  
Who's in favor?  
We hold up for no one  
We hold up

You think that you all that  
That's why you don't call back  
Like talking to walls, that's  
Why I still involve you

I wanna be someone that you could use  
Not someone you keep in check like Nike shoes  
I've been feeling like fallin' in love, it might be you  
I've been feeling like fallin' in love, a solid move, yeah  
I've been feeling like Ford got something to focus on  
I've been feeling like more's not what I'm supposed to want  
It's been feeling like chores getting closer to you, but

You think that you all that  
That's why you don't call back  
Like talking to walls, that's  
Why I still involve you

Oh, baby, who in favor?  
Oh, baby, who in favor?  
Oh, baby, who in favor?  
Oh, baby, who in favor?  
Oh, baby

You just like to push the buttons, where I say it hurts  
Said, you in or you out?  
Just trying to figure this out  
I ain't down for another game  
Another thang, nothing changed  
Everybody wanna play, I don't wanna play (Oh, baby, who in favor?)  
No texts, no calls, just another day (Oh, baby, who in favor?)  
If you hit my DMs one more time without responding  
To my then texts, and I'ma flip (Oh, baby, who in favor?)  
Not really, baby, baby, baby (Oh, baby, who in favor?)

Oh, baby, who in favor?  
Oh, baby, who in favor?  
Oh, baby, who in favor?  
Oh, baby

You think that you all that  
That's why you don't call back  
Like talking to walls, that's  
Why I still involve you
