

Free Drinks

Nic D

Spill my heart out
To you on a barstool
The song in the background
You throwin' up your arms to
Told you I loved you
'Cause that's what a heart do
But you ain't here to find love

You just here for the free drinks
You wanted a good time
And I was the poor soul
Buying you doubles
Just to look at you twice

So I covered the tab
In a button down plaid
Like the sucker I am
I know
In this run down bar
Quickest way to your heart
Is the charge of the card
I'm sure

You wanted the free drinks
You wanted a good time

By the time this place shuts down
And the bartender says miss no more rounds
When my words get all dumbled out
I swear I'll know more than I do right now

When the sun goes down
And the neon drowns
Out this whole town
I swear
When it all goes south
And the truth comes out
And I lay it all out
Out there

You just wanted the free drinks
You wanted a good time
And I was the poor soul
Buying you doubles
Just to look at you twice

You wanted the free drinks
You wanted a good time
And I was the poor soul
Buying you doubles
Just to look at you twice
