

# Hang 10

Nic D

No matter where the wave went I hang 10  
Baby I'm surfin', shreddin' again  
You know I'm always on 100 I'm Franklin  
Baby it's never nothin less than a full send

Aye  
Butterfinger with the pearls girl you know I'm droppin' gems  
Only wanted the world so I could  
Give you the world  
You know I love ya girl  
Whether it's the braids or the curls  
I gotta pure swing and the club get a twirl  
Understand what I'm sittin' on is a gold mine  
Understand I been workin on my whole life  
Yeah I'm sure I'm sure I'm like the coast like

No matter where the wave went I hang 10  
Baby I'm surfin', shreddin' again  
You know I'm always on 100 I'm Franklin  
Baby it's never nothin less than a full send

Come on, anything on me  
Run the card it's a charge that's a felony  
Yeah I got the receipts got the recipe  
And you stuck in my head like a melody

Yeah baby's it's ok  
We goin our own way  
We travel in on

Tell your daddy it's okay  
I won't get you home late  
You won't be alone

The reason we gel is no jealousy  
Oo when you fell you said you fell for me  
Only time I'll ever leave is a legacy, legacy

No matter where the wave went I hang 10  
Baby I'm surfin', shreddin' again  
You know I'm always on 100 I'm Franklin  
Baby it's never nothin less than a full send

Come on, anything on me  
Run the card it's a charge that's a felony  
Yeah I got the receipts got the recipe  
And you stuck in my head like a melody
