Hop up in my coupe
It ain't a rari
But it's really good on gas
And it's an Audi

I'm just whippin through the lanes to see the palm trees
And let the top come down to feel the calm breeze

Headaches where we started
But I'm honored just to be here
It's been a long time coming
Let's be real here
Oh I been preppin my heart for what I feel here, my dear
I been on top of my game
And I'm the only one that's ever gon love you the same

It don't ever get no better than whatever you goin show me

Close your eyes we in a lambo
Dreaming bout the places that we can't go
You the butter to my bagel
I need you to know I'm grateful

With the way I'm driven you would think I had a chauffeur
Talkin nothin crazy baby we can keep it local
Keep my circle skinny like an oval
You keeping me hopeful
I owe you like everything so baby let's just
