

I Want You

Nic D

Ooh, don't start baby
Fingers crossed, gon' get lost
In your heart baby
Take my card baby
What's the charge? any cost
Pay it off baby
All you bought baby, yeah

'Cause I, I, I, I want you
I want you, yeah
I want you
I, I, I, I want you
I want you, yeah
I want you
I, I, I

Meet your friends in a bathroom
To talk 'bout what have you
I'm getting attached to
The things that you do
Your little quirks, your little smirks
When you know that you got your way
You afraid to love, I'll make it easy, yeah
And you threw kerosene on your TV
Just to watch it burn in the evening
Tagged for you, ain't growing up
Was tryna write your name in graffiti
I know just where you came from
And how you like your martinis bae
Hope this don't make me greedy 'cause

'Cause I, I, I, I want you
I want you, yeah
I want you
I, I, I, I want you
I want you, yeah
I want you
Yeah

It don't matter what you doing if you really love it
Tryna pay your mind, that ain't in the budget
Hit [?] feel the same, ya'll don't mean it doesn't
You can dance for me, whoa, let me hit the dougie
Let me give you all I got and you can keep the money
Find a way to fund it girl, I think it's something
Maybe I'll just sing you something

I, I, I, I want you
I want you, yeah
I want you
I, I, I, I want you
I want you, yeah
I want you
