Nic D

I guess nobody told you this kitchens for dancin
Throw on a Thomas Rhett baby ain't nothin fancy
Give me your hand
Let me remind you I'm your man
Give me your hand
Let me remind you I'm your man

And find me, find me when you get home
And maybe I'll turn some music on

And we can just dance
And we can just dance
And we can just dance
And we can just dance

I spin you around like there's a thousand people watchin
But it's just you me sayin "I love you" without talkin
Give me your hand
Let me remind you I'm your man
Give me your hand
Let me remind you I'm your man

And find me, find me when you get home
And maybe I'll turn some music on

And we can just dance, dance
And we can just dance
And we can just dance, dance
And we can just dance
