

Motel 6

Nic D

Meet me at the motel 6 making love
All the things you do to me can't make it up
Regret the day I told you that it's all that I want
I never even planned on ...king falling in love

Meet me at the motel 6 making love
All the things you do to me can't make it up
Regret the day I told you that it's all that I want
I never even planned on ...king falling in love

Tell me what you think love when we link up
I still smell your perfume let it linger
I could give you body chills with a finger
With a finger, with a finger

Meet me in the park like 1:06
Give me your hand the one I kiss
Watch you walk by yeah bae that's it
I said it once yeah I'll say it again

Meet me in the park like 1:06
Meet me in the park like 1:06
Meet me in the park like
Meet me in the park like

Meet me at the motel 6 making love
All the things you do to me can't make it up
Regret the day I told you that it's all that I want
I never even planned on ...king falling in love
