

One Day

Nic D

Ooh-ooh-ooh
One hunnid
Ba-da-da-da-da, da-da-da-da
Da-da-da-da

One day we gonna be everything we wanna be
Somewhere to go, someone to see
But for now, we rockin' with all that we got
You bring the love and we'll meet at the spot

Yeah, yeah, yeah, hold me, yeah, that's what you told me
You said you loved me the one and the only
You'll love the new me if you loved the old me
Most of 'em don't even know me
To tell you the truth again, I ain't no Superman
Stick to my roots again, I'm tryin'
You got the coolest friends, you got the juice again
Turn the volume again, I'm biased

No, I don't want these endeavors
To end ever
Stamp that, I send letters

One day we gonna be everything we wanna be
With somewhere to go, someone to see
But for now, we rockin' with all that we got
You bring the love and we'll meet at the spot

Da, da-da, da-da
Da-da-da (Ooh-ooh)
Ba-da-da-da-da, da-da-da-da
Da-da-da-da

Stars light up the city by God
From this spot it's really on fire
Dippin Dots in the summer, yeah, babe you a stunner
Nobody could tell ya, you do what you want
Now remember your eyes, I know the color
Oh, baby, I wonder

No, I don't want these endeavors
To end ever
Stamp that, I send letters

One day we gonna be everything we wanna be
With somewhere to go, someone to see
But for now, we rockin' with all that we got
You bring the love and we'll meet at the spot

Da, da-da, da-da
Da-da-da (Ooh-ooh)
Ba-da-da-da-da, da-da-da-da
Da-da-da-da
