

Over & Done

Leybeats, this go crazy

Tell me what you want
Tell me what you need
Tell me if you're staying
Baby, you don't gotta leave
So tell me what you see
When you look at me
Do you see a future?
Do you look at calories?
We can reminisce on last night
If you want backfire out the gun
At least it was fun
And I say "that's fire"
That's the sun, bad liar
Don't you run
It's over and done

Ay, lemonade
Fresh squeezed
Let's stay and let's sleep
Gon' catch a wave on a jet ski
Back flips and hat tricks
That's Wayne Gretzky
It don't take a lot to impress me
I'm burning love, I'm Presley
You burning up the best weed
You said it's for your anxiety
Don't slip, don't catch me
You prefer to fall without a parachute

Tell me what
Tell me what you need
Tell me if you're staying
Baby, you don't gotta leave
So tell me what you see
When you look at me
Do you see a future?
Do you look at calories?
We can reminisce on last night
If you want backfire out the gun
At least it was fun
And I say "that's fire"
That's the sun, bad liar
Don't you run
It's over and done

Yeah, what you are, babe
I don't care
Ooh, I'm lyin'
You caught me staring
Love what you did with you hair
Compliments that dress you wearin'
My girl keeps tryin' to say "kisses"
Girl, take my Chapstick so they can taste different

Tell me what
Tell me what you need
Tell me if you're staying
Baby, you don't gotta leave
So tell me what you see
When you look at me
Do you see a future?
Do you look at calories?
