

## Progress & Problems

Nic D

HoldUpAnti

Ayy, one time it'll make you say we built this from the bottom  
Two times for the paper made, my friend know that I got 'em  
Three times, gotta make a way no matter what it costs 'em  
Fourth time for the takeaway, all progress comes with problems

Look, ayy, this a game-changer  
Feel the rhythm when I hit 'em with the haymaker  
If you doin' what you love, we got the same nature  
Uh, reaping' what I sow tenfold, but it came later, yeah  
All that money made, but it didn't make ya  
Never needed trees just to make paper  
Small town kid, went and made major  
Lemon lime in the water, got a little flavor  
When I paint a picture, I'm Vincent Van Gogh  
Tearin' up the beat, I feel like a vandal  
One time, two times for the one-man show  
All wins, no draws like we commando  
This that no time on the clock, but still cash  
This that set up the hook with a quick jab  
This that slow down, movin' a little fast  
This that all gas, givin' 'em whiplash

Ayy, one time it'll make you say we built this from the bottom  
Two times for the paper made, my friend know that I got 'em  
Three times, gotta make a way no matter what it costs 'em  
Fourth time for the takeaway, all progress comes with problems

Dirt off my shoulder, I'm strictly business  
I keep it goin', can't abort the mission  
Got a taste for dollars and it taste delicious  
Gota a lot on my plate but I do the dishes  
And writin' on the wall all gets washed away  
When it starts to fall, holler bombs away  
Ayy, hands up, every drop like a tribute to myself is a best of  
Like I'm eatin' on a plane, dog I'm fed up  
Mama said, "If it ain't nice don't say it," so I said nothin'  
She don't need no alibi, she was here with me all night  
We was grindin', we was workin'  
We was hungry, that was certain  
But it all turned out alright, now let me hear you say—

Ayy, one time it'll make you say we built this from the bottom  
Two times for the paper made, my friend know that I got 'em  
Three times, gotta make a way no matter what it costs 'em  
Fourth time for the takeaway, all progress comes with problems
