Nic D

Yea, uh, okay, no place for a no name  
Floating, come through like the soul train  
Oh dang, no names, they can eat no things  
They just want backs on back like where the coke cans

Where your place at tell me where your place is  
Found a wayback trying but you aimless  
I could make that Ima need an apron  
Ima say this Ima say

Crease your 1's, and scuff your J's  
Live your life there's only so many days  
They say it's alright as long as you getting payed  
I said it's alright as long as we hit a day  
Said it's the simple of things uh eh  
Said it's the simple of things uh eh  
Said it's the simple of things uh  
Said it's the simple of things, it's the simple of things, it's  
the simple of

Feel like vibing I need silence  
Giants come in different sizes  
We need guidance can't disguise it  
Your stressed out like Twenty-One Pilots

Feel-feeling like some days come easier  
Your just need somebody to believe in ya  
Gotta see gotta see what I see in you  
Ima say this Ima say

Crease your 1's, and scuff your J's  
Live your life there's only so many days  
They say it's alright as long as you getting payed  
I said it's alright as long as we hit a day  
Said it's the simple of things uh eh  
Said it's the simple of things uh eh  
Said it's the simple of things uh  
Said it's the simple of things, it's the simple of things, it's
