

Sugar

Nic D

Uh-huh, uh-huh, uh-huh
Yeah, okay
Uh-huh
It's Tuesday, isn't it?

I was underneath, babe, fall into a dream
There was no one else but me there to keep me company, ey

Just need a little sugar
Just keep the thing tucked 'case somebody pull up
Said, you my favorite distraction, ooh
You my call to action, yeah

Double take, baby, you a one-take wonder
Playin' with a taser 'cause, baby, you a stunner
Ring on the thing, no man put us under
Goin' 'til the sun up

I was underneath, babe, fall into a dream (Fall into a dream)
There was no one else but me there to keep me company, ey (Fall
into a dream)

Just need a little sugar
Just keep the thing tucked 'case somebody pull up
Said, you my favorite distraction, ooh
You my call to action, yeah

Ooh, she got a crown and when nobody around, yeah
She was always down for the come-up
This ain't a sleeve, it's a heart, hard to tell the two apart
At the start she was stingy with her number
It was always maybe, then love me, then hate me
It been crazy thinkin' back to that summer
Now there's opinions on us, but, baby, we in love
If we weren't, baby, it would be a bummer

Just need a little sugar, ooh
Just keep the thing tucked case somebody pull up, ooh
Said, you my favorite distraction, ooh
You my call to action, yeah, ooh
