Supernova

Nic D

I'm smiling, mm, the wait is over
I see lightning, storm passin' over
I want wifey, I'm not a Casanova
You a light beam, a perfect supernova, baby

Fall down
Maybe when you hit the ground
You'll speed fast
Ooh, baby, I hope this lasts

Yeah, yeah, it's not all the same from the naked eye
I'm up right now, but it calm me down when I hit you late at ni
ght
Yeah, yeah, little bit of mm-mm-mm with the candlelight
A love like that and you love me back, ooh, baby, that's the vi
be

Fall down
Maybe when you hit the ground
You'll speed fast (Speed)
Ooh, baby, I hope this lasts

Catch a vibe, it's a touchdown
Who there? Two squared, gotta come 'round
Ayy, lovin' people, that's the cheat code
Left, right, left, right, up, down
No games wit' ya, I ain't ever playin' wit' ya
I don't wanna cross that line, I ain't lane-switchin'
You've been on my mind, got my brain itchin'
Yeah, yeah, yeah, baby, I told you so
Dance wit' me, little do-si-do
All in, gotta go for broke
I hope it ain't, oh, for sure
Pull my strings, I'm Pinocchio, uh
But this ain't my first rodeo

I'm smiling, mm, the wait is over
I see lightning, storm passin' over
I want wifey, I'm not a Casanova
You a light beam, a perfect supernova, baby

Fall down
Maybe when you hit the ground
You'll speed fast (You'll speed so fast)
Ooh, baby, I hope this lasts
