

Surrender

Nic D

One hunnid

We on the same team, we want the same thing
We want it all good, just the American dream
We want it bad now, love like a movie scene
Big love and bigger dreams

Hmm

You wanna fight a little. OK. Let's fight a little
And I don't wanna go to war with you, woah

'Cause I'm not your enemy, hmm
Oh, I'm raising the white flag
Easy to surrender to a love like this

Hey, hey, hey
Alright my love
Hey, hey, hey
Alright now baby
Hey, hey, hey
Now help me

I'm on the front line, face to the sunshine
Talk on the bug line
Why?
'Cause everybody knows
There's nothing to hide here
Gon' let it all show

You wanna fight a little. OK. Let's fight a little
And I don't wanna go to war with you, woah

'Cause I'm not your enemy, hmm
Oh, I'm raising the white flag
Easy to surrender to a love like this

Hey, hey, hey
Alright my love
Hey, hey, hey
Alright now baby
Hey, hey, hey
Now help me
