

Time Today

Nic D

Hold up, hold up, hold up

Step outside with open eyes
Yeah, I'm gon' find a way
Don't kill my vibe, we've gotten higher
I've got time today
Done with fire, she gettin' wild
Too much Chardonnay
Don't you try it, I can't deny it
I've got time today

Keep it movin' like the getaway vehicle
When we started there was nothin', it was me and you
Same my name and I'm comin', yeah, I'm seein' you
Like I was Beetlegeuse, Beetlegeuse, Beetlegeuse
She locked eyes on me and I need her
She my missing piece, she my diva
I'm her missing piece to complete her
Rainclouds 'round her head when I leave her
Yeah, new bounds like the moon, bounce
I'm an old soul in some New Balance
Want some new slaps, got a few now
Yeah, I'm too hot, I need to cool down
So I—

Step outside with open eyes
Yeah, I'm gon' find a way
Don't kill my vibe, we've gotten higher
I've got time today
Done with fire, she gettin' wild
Too much Chardonnay
Don't you try it, I can't deny it
I've got time today

I was made for the days, it just wasn't goin' my way
God paid for the daze, a worthy exchange
And I was scrapin' away, them roads wasn't paved
And if you ask me what I'm thinkin' I got somethin' to say, back to it
Andale, andale, you want it, it's on the way
It's already underway, I'm burstin' they bubble, babe
Whew, what to do with the money made?
To blow on a sunny day
Oh, my chick super bad, I make lovin'
Culture, now I'm comin' at 'em, I'm not subbin'
If I gotta dumb it down, I'm the dumbest
Ah man, ah wow, ah boy you done it

Step outside with open eyes
Yeah, I'm gon' find a way
Don't kill my vibe, we've gotten higher
I've got time today
Done with fire, she gettin' wild
Too much Chardonnay
Don't you try it, I can't deny it
I've got time today
