

Waste It

Nic D

Ley beats, this go crazy
One hunnid

We put some miles on the back road when we get that close
Got flow like a Lex Bro', yeah, that's just how that goes
Focus on cash flow 'cause neither one of us had those
I got a lot of love for ya, baby

Don't let me waste it, my heart is vacant
Be ready to move in, I got a place that
You could just stay in, baby, don't break in
I got a lot of love for ya, a lot of love, so baby, don't waste it

Something's off wit' you, easy on the eyes, babe
We could go far if you even wanna try
Yeah, I know it's a lot, but is it? Like really, is it?
I don't know, yeah, I don't know
I'm feelin' like a '45 the way you keep me on the side
Babe, ignore the signs, but you can't ignore the vibes
Baby, they don't lie, I don't know what's on your mind
But there ain't no I in love

We put some miles on the back road when we get that close
Got flow like a Lex Bro', that's just how that goes
Focus on cash flow 'cause neither one of us had those
I got a lot of love for ya, baby

Don't let me waste it, my heart is vacant
Be ready to move in, I got a place that
You could just stay in, baby, don't break in
I got a lot of love for ya, a lot of love, so baby, don't waste it

Look how far we came, babe, I was never doubtful
I needed some change, babe, yeah, I got a couch full
I needed some love, mm, yeah, I got a house full
Mama told me don't talk with my mouth full
But oh yeah, we eatin' now, oh yeah, we eatin' now
This thing feel easy now, yeah, this thing feel easy now
The vibes is hella high, no need to bring 'em down
Yeah, oh yeah, we eatin' now, I got a lot of love for you, baby

Don't let me waste it, my heart is vacant
Be ready to move in, I got a place that
You could just stay in, baby, don't break in
I got a lot of love for ya, a lot of love, so baby, don't waste it
