I don't gotta wonder  
You said let me be lightning  
You could be thunder  
Who'd have thought one too many  
Was the magic number  
Don't live love all night  
Not just for the summer  
Yeah I don't gotta wonder

I know you've got a wild side  
Let's be honest, your hips don't lie  
Way you moving like this tonight  
Is my Kryptonite  
I know you've got a wild side  
Let's be honest, your hips don't lie  
Way you moving like this tonight  
Is my Kryptonite  
I know you've got a

Sipping on, thinking on, giving on, betting on  
Living on a little bit of love baby

Way you moving like this tonight  
Is my Kryptonite  
I know you've got a

Just stay out here, goodbye  
Aight, let's dance  
Don't got plans for the night, might jam  
Give me that chance, won't blow it, I know it  
I know that you know it

I know you've got a wild side  
Let's be honest, your hips don't lie  
Way you moving like this tonight  
Is my Kryptonite  
I know you've got a wild side  
Let's be honest, your hips don't lie  
Way you moving like this tonight  
Is my Kryptonite
