

## Cake & Eat It Too

Nice & Smooth

You can't have your cake and eat it too, girl  
Cause I guess that two loves just won't do, girl  
You say you want a love that's new, girl  
Between me and him you've got to choose, girl

I've spent most my life, searchin for yours true  
And when we first met I thought that girl was you  
You really captured me, right there from the start  
But how was I to know that today you'd break my heart?

I bought you Fendi, Louis', diamond rings  
Mink jackets all the fly material things  
Thought you were mine, from the heaven above  
But I see another knucklehead sharin my love  
I thought you were the lock and I, had the key  
My personal jewel, my life's entity  
But I see, you're now for Greg N-I-C-E  
E, E, E, and

Say you want freedom and respect  
Never tied you down, no need to check  
But you called me up, wishin to explain  
How your man has a car no need for a train  
Then you see me with my brand new girl  
Eyes like emeralds, teeth like pearls  
Put a frown on your face and you act all rash  
Wanna pull her hair and face you wanna bash
