

# Comfy

Nick Brewer

(Yeah) Let me do this properly  
I know it's only me that can stop me  
My ex came from south California  
Now I got me a girl from Brockley  
Jake told me I gotta come cocky  
I'm the best MC in the room anytime that I be in the room  
Man, trust me  
Bar for bar I'm ever so comfy

Yeah, let me do this proper  
If I don't do that don't bother  
English boy but shout out Guvna  
I was in Accra eating okra  
Plantain on my plate, no whopper  
Tekky like Thiago Motta  
Flow hotter, man a show stopper  
Make a man tell a man we lick butter  
Sharp mind, don't need no cutter  
Hard times, I've seen those brother  
Man be talking  
Yeah keep talking  
Yeah, yeah, yeah, yeah  
We know brother  
No I don't smoke no weed, no ganja  
Say what I mean, no he don't stutter  
Can't really lie man, I'm feeling myself  
Look man are so bad like who? (Who?)  
So bad like Tito's brother  
Making plans for a decent summer  
Breaking bread, no cheese and butter  
Already ate like an even number  
Switch the flow like whoa like  
When a man go left, I go right  
Oh my, tell 'em it's so blessed  
I don't hype  
Oh right, part of the process  
I know right

Now, let me do this properly  
I know it's only me that can stop me  
My ex came from south California  
Now I got me a girl from Brockley  
Jake told me I gotta come cocky  
I'm the best MC in the room anytime that I be in the room  
Man, trust me  
Bar for bar I'm ever so comfy

Right now ever so lovely  
Gimme the riddim I go mad G  
When them man went Alicante  
I was in Ghana chilling with [?]  
White boy, no I don't speak Fante  
Man said that I look like Ramsey  
Got a flow that'll tie you in knots  
And I'm firing shots like Dwight and Andy  
Everything fine and dandy  
I don't know Molly or Mandy

Bros from Trinny, that's family  
I ain't been chillin' with Billy or Stanley  
That girl pretty and fancy  
Got a little bit of hood, no shanty  
I've been in the booth from marnin'  
Just barrin', they were doing up Zante  
(Whoa) Switch it though  
Gymnastic, man I flip this flow  
Them man there wanna get that though  
Stop that, start that  
Spat that bar like rah, who said that though?  
James Harden, tell 'em step back bro  
Wait pardon, let me load that up like  
Chit chit bang when I let that go

Let me do this properly  
I know it's only me that can stop me  
My ex came from south California  
Now I got me a girl from Brockley  
Jake told me I gotta come cocky  
I'm the best MC in the room anytime that I be in the room
