

# Never Met

Nick Brewer

You ain't met no one like me  
I ain't met no one like you  
No one like you  
And although it might seem  
That I had it all worked out  
Na babe that ain't quite true  
I guess you're the same  
More on my mind but less in my brain  
I was outside all stressed in the rain  
Done things that I won't mention again  
Pen to the page just testing my aim  
Um I should wait lemme  
Say less til I change  
But I never change  
Waited for so long but you never came  
I never been the same  
And now I'm in a place  
That I been before  
I never seen this scene before  
I don't know what I - want right now  
But I know I need you more  
So tell me what you leaving for

I've never met someone like you  
You've never met someone one like me

I ain't met no one like you  
You ain't met no one like me  
No one like me  
Or so it might seem  
Been a bad boy  
With the mic  
Ever since Nikes on my feet  
Said things that I wouldn't like to repeat  
Let that go goodnight lemme sleep  
Time that we don't try to be  
The type that keep on fighting please  
I'm begging you to open up your eyes and see  
I don't know maybe it's me  
Maybe it's time to say what you mean  
Cos I'm tired of making a scene

I've never met someone like you  
You've never met someone one like me  
Like you  
Like me

You plus me that's  
Great I need that  
Babe I mean that  
Maybe we just  
Keep it moving  
Mad things that I  
Been assuming  
Getting it all wrong  
Never been all right  
And we could call it a day

Like it's a school night  
But why would we do that now  
Like whoa I don't wanna back down  
Uh  
I got a feeling that you're feeling a way  
I got a feeling that you got a lot of me in your brain  
I got a feeling I'm the reason that you're keeping awake  
The reason I say  
The things that I say  
Is cos I'm in the same  
Uh  
So I take it in my stride  
Uh I want you staying in my life  
Still I'm busy praying that it's right  
I just hope that you stay another night

I've never met someone like you  
You've never met someone one like me  
Like you  
Like me
