

Alone

Nick Cannon

I had it all but I let it slip away
Ooh, ah, yeah
Now I wander around
Feeling down and cold
I don't wanna be here
I don't wanna be here alone

First off, I'ma say I ain't got nothing but love for ya (got nothing but love)
I'ma stay away, I ain't tryna fuck it up for ya
I'ma keep my distance, stay in my lane
'Cause I know you got a man, it's a little too late
She left me alone, alone, alone now
'Cause imagine a bone, bone, bone now
Got me singing sad songs, songs, songs, songs, like
I don't wanna be here alone

I been trying to keep my distance, keep my distance
I been lying, I say I'm cool when I know I miss it
I trade it all for the case if I could have you back
If I could go back to where we started at

I know you got a new man, so I stay away, not get in the way
I stay alone, try to play it safe, but these memories, I cannot erase
But every time I need some love, I can't find it
This is a subtle reminder that I'm still undecided

First off, I'ma say I ain't got nothing but love for ya
Got nothing but love, I'ma stay away, I ain't tryna fuck it up for ya
I'ma keep my distance, stay in my lane
'Cause I know you got a man, it's a little too late
She left me alone, alone, alone now
'Cause imagine a bone, bone, bone now
Got me singing sad songs, songs, songs, songs, like
I don't wanna be here alone

As much as I want you back
It's probably better where you at
Probably better where you at
'Cause I'm still running the streets
I'm still all in the sheets
Having babies, models, and singers, and actresses
Saying they pregnant by me
Have to pay ten thousand dollars a week
I take care of my peeps
Now you don't worry about when I creep
You got a man next to you when you sleep, sleep, sleep, sleep
And I don't wanna be the one that make you doing what you do
All the same shit
I'll be the first to say that I ain't shit
You can stay with me

First off, I'ma say I ain't got nothing but love for ya (got nothing but love)
I'ma stay away, I ain't tryna fuck it up for ya
I'ma keep my distance, stay in my lane
'Cause I know you got a man, it's a little too late

She left me alone, alone, alone now
'Cause imagine a bone, bone, bone now
Got me singing sad songs, songs, songs, songs, like
I don't wanna be here alone

Shit
Sometimes I just be laying out late at night
Thinking like, how'd I get here?
Just one of them things
Where you just feel like you fucked up and I can't stop crying, 'cause
I don't wanna be here alone
