

# Coma

Nick Carter

From the moment you were gone  
I was sure I can't go on  
Fighting just to breathe

The scars remind me still  
That what we had was real  
Your love is all I believe

Are you feeling better  
Now that we aren't together, yeah  
It's like I'm standing on the edge of a cliff and you're pushing me

I'm dying, can you save me, it's an emergency  
Pull me out of this coma  
Fighting, stay alive and you're the remedy  
Baby don't say it's over.  
My life has been so crazy, I need a girl that can understand me  
Pull me out of this coma.  
Remember out at the club, kissing and touching and so in love  
Pull me out of this coma.

I hear your voice is calling me  
But your face I can not see  
It haunts me in my dreams  
Well, never say never,  
or did you mean forever, yeah  
When you packed all your shit up and drove away from me

I'm dying, can you save me, it's an emergency  
Pull me out of this coma  
Fighting, stay alive and you're the remedy  
Baby don't say it's over.  
My life has been so crazy, I need a girl that can understand me  
Pull me out of this coma.  
Remember out at the club, kissing and touching and so in love  
Pull me out of this coma.

There's a hole in my heart and it's growing bigger than I can even take  
I try every drug but it makes me sick when my heart can't keep up the pace

It's killing me baby

But at the end of the day baby

I'm dying, can you save me, it's an emergency  
Pull me out of this coma  
Fighting, stay alive and you're the remedy  
Baby don't say it's over.  
My life has been so crazy, I need a girl that can understand me  
Pull me out of this coma.  
Remember out at the club, kissing and touching and so in love  
Pull me out of this coma.
