

## Easy (Home Version)

Nick Carter

It's 7:30 in the morning  
I smell eggs over easy  
In those pajamas that I like, girl  
'Lil mama knows how to please me  
I hear the kids wakin' up, screamin' mom and daddy, "Where you at?  
Downstairs  
Give her a kiss on the cheek as she winks, said, "I see you later on" "Hell  
yeah"

I swear that you got something special love  
That comes from up above  
But I'd never give you up  
'Cause you make this

You make this look easy  
Oh-oh-oh  
You make this look easy  
Oh-oh-oh  
And how you do everything with style and grace  
I thank God that you're for me, yeah yeah yeah  
'Cause you make it easy to love you  
La la la la la la la la  
You make it look easy  
La la la la la la la

You keep my heartbeat beating  
And girl, I'm feening for more time with you  
More love with you, girl, is what I'm needing  
And just a kiss from your lips is enough to keep my world just spinning  
And don't rush it, girl  
Just trust it, girl  
And feel what I'm feeling

I swear that you got something special love (special love)  
That comes from up above (From up above, yeah)  
I'd never give you up  
'Cause you make this

You make this look easy  
Oh-oh-oh  
You make this look easy  
Oh-oh-oh  
And how you do everything with style and grace  
I think god that you're for me, yeah yeah yeah  
'Cause you make it easy to love you  
La la la la la la la la  
La la la la la la la la la la la la la la la la  
You make it look easy

How do you do everything with style and grace?  
I thank God that you're for me, yeah yeah yeah  
'Cause you make it easy to love you  
La la la la la la la la la la la la  
You make it look easy  
La la la la la la la la la love you!
