

# Let Go

Nick Carter

I used to love a girl  
Sometimes I still think I do  
Thinking about her makes me a little crazy  
She used to be my world  
How could we be split in two  
We were just like peas in a pot  
I'm officially losing my mind,  
chasing behind her heart  
This just can't be real

So I gotta let go, go, go  
Cuz she let go, go, go  
So long ago, go, go  
It hurts to move on  
But I gotta let go, go, go  
Cuz she let go, go, go  
from my mind, my body, my soul  
I gotta let it go

I tried to play the field  
Lost my share and won a few  
I never really hit one out the park  
I guess I wasn't here  
Trying to forget the truth  
Life without you left me with a scar  
I'm officially losing my mind,  
chasing behind her heart  
This just can't be real

So I gotta let go, go, go  
Cuz she let go, go, go  
So long ago, go, go  
It hurts to move on  
But I gotta let go, go, go  
Cuz she let go, go, go  
from my mind, my body, my soul  
I gotta let it go

So I gotta let go, go, go  
Cuz she let go, go, go  
So long ago, go, go  
It hurts to move on  
But i gotta let go, go, go  
Cuz she let go, go, go  
from my mind, my body, my soul  
I gotta let it go
