Nobody

Nick Fradiani

It's been awhile since I been comfortable, vulnerable
Since I had something with someone again
Laying in my arms again
I check my phone, 2 AM
Where are you? Why do I need to know?
Damn girl, it's happening
Yeah, everything again

Nobody gets me like you do
Feels like I'm breaking my own rules
When you sleepover
I don't care I'm sober
Your head on my shoulder
Nobody, nobody, nobody gets me like you do
Who would have thought you could break through
All of these walls that were standing so tall?
Swore that I'd never fall
But then nobody, nobody, nobody gets me like you do

First time I had you, knew that I had to have more than just a taste
Feels like I gotta think that I wanna swear that I'm gonna cave
How'd it go from just one night to feeling like when you're gone nothing's r
ight?

Nobody gets me like you do
Feels like I'm breaking my own rules
When you sleepover
I don't care I'm sober
Your head on my shoulder
Nobody, nobody, nobody gets me like you do
Who would have thought you could break through
All of these walls that were standing so tall?
Swore that I'd never fall
But then nobody, nobody, nobody gets me like you do

Like you do
Like you do
Like you do
Nobody gets me like you
Nobody gets me like you
Nobody gets me like you
I love you

Nobody gets me like you do
Feels like I'm breaking my own rules
When you sleepover
I don't care I'm sober
Your head on my shoulder
Nobody, nobody, nobody gets me like you do
Who would have thought you could break through
All of these walls that were standing so tall?
Swore that I'd never fall
But then nobody, nobody, nobody gets me like you do

(Nobody, nobody)
Nobody gets me like you do
(Nobody)
