Drum Thing

Nick Hakim

Oh, oh
Oh, I never wanna lose one's to blame
Oh, I never wanna make you go insane
This place is make me go crazy
What's it inside of me, tryna tell me
I just wanna get back
And support my family
Fuck all the other shit, that's all that matters to me
Since they point down south
Down south
Try and make sure that you can get over your own bullshit

'Cause there's nothing more that I wanna give to you
There's nothing that I would do for you

I'm sitting right down here
And I'm surrounded by velvet
Oh, I feel so nice right now
Oh, I wanna get naked with you I can't help it
Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh
Oh, ooh
Something tells me, don't ever fuck with it
I'm not one to blame, no
All you motherfuckers think that were insane
But wanted something real
What's the use?
