Happen

Nick Hakim

The sweetest angel
Fell into my world
She gives me reason
Was lost for a damn long time
She pours honey
Down my throat
We stay up all night
I watch the sun scan her body
And just

(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen

A supernova
Exploded and changed my world
And lost my old ways
I found something new from the ocean
I love you, honey
Glad you found me in this light
I watch the sun scan your body
So damn lovely, every inch
I just

(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen

(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen
(Let it) Happen

(Let it) Happen
