

Sleep

Nick Hakim

Sleep my darling
I don't wanna wake you
I'll see you again

Sleep, my dear
I hope you dreaming sweetly
But I'll be gone before you wake up

I won't talk much
Won't try to make it better
I think I did enough
I won't leave my trail, you'll never find me
You'll be lost behind me

Sleep my dear I hope you dreaming sweetly
But I'll be gone before you wake up
Before you wake up
