The Want

Nick Hakim

I wanted her, she wanted me
It's all I need, at least I thought it would be
I wanted her, she wanted me
The want has my mind

I want you, I want you to want me
I want you, I want you to want me

I wanted her, she wanted me
It's a mistake, at least I want it to be
I wanted her, she wanted me
The want has my mind

I want you, I want you to want me
I want you, I want you to want me
