

Break The Silence

Nick Jonas

I don't know
What went wrong
You lost the key to our song yea
But we had it made for so long
There were nights by your side I would cry cause the flame was gone yea

No words, it hurts
Way too much to speak
Oh oh

It's time for me to break the silence
Cause we've been screaming so loud on the inside
It's time for me to break the silence
I wanna hold you so bad but it ain't right
Cause I can feel our love is dying

But if you lay my body down
And kiss my soul while you're still around
We might not miss this chance
To break the silence

There's a melody in my mind
As the memories of us fly away
And I can see
That you need to find
A new way to replace all the white noise in your life yea yea

It's time for me to break the silence
Cause we've been screaming so loud on the inside
It's time for me to break the silence
I wanna hold you so bad but it ain't right
Cause I can feel our love is dying

But if you lay my body down
And kiss my soul while you're still around
We might not miss this chance
To break the silence

If you could only hear my heart
We will make it through
We wouldn't fall apart
Oh no
Oh no

It's time for me, it's time for me
It's time for me to break the silence
Cus we've been screaming so loud on the inside
It's time for me to break the silence
I wanna hold you so bad but it ain't right
Cus I can feel the love is dying

But if you ain't about it girl
Kiss my soul while you're still around
We might not miss this chance
To break the silence

It's time for me, it's time for me

It's time for me to break the silence
Cus we've been screaming so loud on the inside
It's time for me to break the silence
I wanna hold you so bad but it ain't right
Cus I can feel the love is dying

But if you ain't about it girl
Kiss my soul while you're still around
We might not miss this chance
To break the silence
