

Deeper Love

Nick Jonas

Trying to find the words to say
Got a feeling that you know what's on my mind
So I'll let you lead the way
'Cause you take me to a perfect paradise

Wherever you go, I'll go
'Cause we're in it together
For better or worse, hold on
'Cause it only gets better

I wanna deeper love, yeah
I wanna know what it'd be like
To know what I believe in
I wanna find it in your eyes
I wanna deeper love, yeah
I wanna feel it every night
I wanna deeper love
A deeper love

You bring me closer to the truth
And now I'm hanging on to every word you say
And there's a way your body moves
I can feel you from a million miles away
You know

Wherever you go, I'll go
'Cause we're in it together
For better or worse, hold on
'Cause it only gets better

I wanna deeper love, yeah
I wanna know what it'd be like
To know what I believe in
I wanna find it in your eyes
I wanna deeper love, yeah
I wanna feel it every night
I wanna deeper love
A deeper love

I wanna deeper love
Deeper, deeper, deeper, deeper
I wanna deeper love
Give me that deeper love
I wanna deeper love
Deeper, deeper, deeper, deeper love
I wanna deeper love

I wanna deeper love, yeah
I wanna know what it'd be like
To know what I believe in
I wanna find it in your eyes

I wanna deeper love, yeah
I wanna feel it every night
I wanna deeper love
Deeper love

I wanna deeper love
Deeper, deeper, deeper, deeper love
I wanna deeper love
I just want that deeper love
I wanna deeper love
Deeper, deeper, deeper, deeper love
I wanna deeper love
Deeper love
