Flawless

Nick Jonas

Girl, this is not a movie when you're gone, I'm gone
If you think I'm coming after you, you're wrong, dead wrong

No one ever said it'd be flawless
Diamonds in the rough are still gorgeous
Maybe you get burns and your cautious
Maybe we shouldn't throw words like over
Shouldn't try to talk to her sober
Taking off your clothes ain't closure
You go if you want to

But I'll never forgive you
For giving up on us
Giving up on us
Now that I need you
You're gonna pull the plug
Giving up on us
No one ever said it'd be flawless
Mmm, we love
No one ever said it'd be flawless

I thought that you would stay and fight for us
No blood, yeah, yeah
You've got some fucked up ideas 'bout love
Real love

No one ever said it'd be flawless
Diamonds in the rough are still gorgeous
Maybe you get burns and your cautious
Maybe we shouldn't throw words like over
Shouldn't try to talk to her sober
Taking off your clothes ain't closure
You go if you want to

But I'll never forgive you
For giving up on us
Giving up on us
Now that I need you
You're gonna pull the plug
Giving up on us
No one ever said it'd be flawless
Yeah, oh no
Uhh, in love
No one ever said it'd be flawless
Oh, no, no, yeah
Me and you
No one ever said it'd be flawless

I forget you, but I can't forgive you
You're just giving up, just giving up

Nobody ever said it'd be flawless
Diamonds in the rough are still gorgeous
Maybe you get burns and your cautious
Maybe we shouldn't throw words like over
Shouldn't try to talk to her sober
Taking off your clothes ain't closure

You go if you want to

But I'll never forgive you
For giving up on us
Giving up on us
Now that I need you
You're gonna pull the plug
Giving up on us
No one ever said it'd be flawless
Yeah, oh no
Uhh, in love
No one ever said it'd be flawless
Me and you
No one ever said it'd be flawless
