Heights

Nick Jonas

You said, "You already have my body"
"You can take my love"
Don't give it up for just somebody
That would be too much

Instead of going through the motions
I wanna feel your touch
Give me love that's like an ocean
I wanna feel that rush

It's always a scary thing
When you love so high, you're bound to fall together
Fall together

Feeling the passion, babe
And when we fight it's always now or never
Now or never

I just wanna know
Right
Now

Do you wanna, you wanna work
This
Out?

And baby, you know it's a long
Way
Down

Let me know tonight
I ain't afraid of heights, heights

Maybe, we don't need to get so heated
I'm just tryna talk
Forget about that he said, she said
I think we should stop and

Get back to basics
Practice some patience
It's too good to waste it
Too good

It's always a scary thing
When you love so high, you're bound to fall together
Fall together

Feeling the passion, babe
You know that when we fight it's always now or never
Now or never

I just wanna know
(I just wanna know right now)
Right
Now

Do you wanna, you wanna work

(Do you wanna work this out?)
This
Out?

And Baby, you know it's a long
(You know it's a long way down)
Way down (Yeah, yeah, yeah)

Let me know tonight
(Let me know tonight)
Ain't afraid of heights
(Ain't afraid of heights, yeah)

Something 'bout the love
(Something 'bout the love we found)
We
Found

I don't wanna, don't wanna lose
(I don't wanna don't wanna lose it now)
It now

And baby, you know it's a long
(You know it's a long way down)
Way down (Yeah, yeah yeah)

Just let me know tonight
(Let me know tonight)
I ain't afraid of heights
(Ain't afraid of heights, heights)

It's always a scary thing
(Ain't afraid of heights)
When you love so high, you're bound to fall together
(Ain't afraid of heights, ain't afraid of heights)
Fall together (Ain't afraid of heights)

I'm feeding the passion, babe (Ain't afraid of heights)
You know that when we fight it's always now or never
(Ain't afraid of heights, ain't afraid of heights)
Oh, yeah

I just wanna know
(I just wanna know right now)
Right
Now

Do you wanna, you wanna work
(Do you wanna work this out?)
This out?

And Baby, you know it's a long
(You know it's a long way down)
Way down (Yeah, yeah, yeah)

Let me know tonight
(Let me know tonight)
Ain't afraid of heights
(Ain't afraid of heights, yeah)

Something 'bout the love
(Something 'bout the love we found)
We

Found

I don't wanna, don't wanna lose
(I don't wanna don't wanna lose it now)
It
Now

Baby, you know it's a long
(You know it's a long way down)
Way down (Yeah, yeah, yeah)

Let me know tonight
(Let me know tonight)
I ain't afraid of heights
(Ain't afraid of heights, yeah)

Baby
I can't find you
Where are you?
