

If I Fall

Nick Jonas

It's your fault
You came in like a cannonball
And opened up the door
The one I thought was closed for good
You touched my soul
Didn't want to lose control
Like no one did before
Now I can't let you go

I remember talking on the first night
Chilled me to the bone 'cause I realized
Everything before was a waste of time
And this could be forever
This could be forever
If it's this life or the next one
Promise that I'm always gonna find ya
If it ain't you, it ain't no one
Yeah, this could be forever, this could be forever, so

If I fall again
It'd be the last time
The last time that I'm falling
The last time that I'm falling
It's just the beginning
But it's the last time
The last time that I'm falling
The last time that I'm falling
Till I fall again for you

Fall again for you

Heart on fire
You pulled me from the cynical
And put my faith in you
That ain't something that I do
Don't know why
It took so long to find this place
A love I never knew
Where there's only room for two
Yeah

I remember talking on the first night
Chilled me to the bone 'cause I realized
Everything before was a waste of time
And this could be forever
This could be forever
If it's this life or the next one
Promise that I'm always gonna find ya
If it ain't you, it ain't no one
Yeah, this could be forever this could be forever, so

If I fall again
It'd be the last time
The last time that I'm falling
The last time that I'm falling
It's just the beginning
But it's the last time

The last time that I'm falling
The last time that I'm falling
Till I fall again for you

Till I fall again forever
Till I find you and remember
Never fall for someone new
And if time and space are endless
You and I will never end this
Every life I'm living with you, yeah

If I fall again
It'd be the last time
The last time that I'm falling
The last time that I'm falling
It's just the beginning
But it's the last time
The last time that I'm falling
The last time that I'm falling
Till I fall again for you
Fall again for you
Fall again for you
