

# Until We Meet Again

Nick Jonas

Wish I could reach you through distance  
Show you my heart and all that I'm feeling  
Lord I can't preach, but I know something's missing  
No way to fight back to the beginning

So until we meet again  
I'mma keep smile smile smile smiling  
We could be miles apart  
But you know I'm never too far  
My friend  
Until we meet again

On a front line facing tomorrow  
No one said faith is something to borrow  
Oh there's no place for living in that sorrow  
Leave it to kings and no one will follow

But so until we meet again  
I'mma keep smiling  
We could be miles apart  
But you know I'm never too far  
My friend  
Until we meet again

There may be times that it feels like it's impossible  
But every time, yeah I find my strength in you  
There may be times that it feels like you just stare at the wall  
There may be times  
There will be times

So until we meet again  
I'mma keep smiling  
We could be miles apart  
But you know I'm never too far  
My friend  
Until we meet again

So until we meet again  
(Until we meet again)  
I'mma keep smile smile smile smiling  
We could be miles apart  
But you know I'm never too far  
My friend  
Until we meet again

My friend  
Until we meet again
