

I'll find another way

Nick Kamen

I'll find another way
To realise you
I'll find another way
To be your friend
I'll find another way
To get inside you
I'll find another way
Until the end
When things get hard for you
I'll make it easy
When you get lonely
I'll be by your side
It there's a change that you might get to know me
I'll find another way to make you mine
I'll find another way
I'll find another way
I'll find another way
I'll find another way
It's all that I can do
It's all that I can do
I'll find another way a brand a new morning
I'll find another way to paint your skin
I'll find another way to hypnotise you
I'll find another way so close your eyes
I'll find another way so if you're hungry
I'll feed your mind
I'll feed your mind
It's all that I can do
It's all that I can do
It's all that I can do
It's all that I can do
I'll find another way the sun is shining
I'll find another way the angels sing
I'll find another way to rise above you
I'll take my time
I'll take my time
I'll take my time
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
I'll find another way
