

Restless Feeling

Nick Lowe

Restless feelin'
I've got wonder dust all in my shoes again
And a very funny feelin'
I've got wonder dust all in my shoes again

Restless feelin'
Like a memory upon income steelin'
With a voice that seems to say time to get away
Wonder dust is in my shoes again

I don't know what it's leading me to
But it's like I've been locked in a cell
And to hear its call is to fall under its spell

Restless feelin'
I'm going off the beaten track, believe me, Jack
And I don't know if I'm ever comin' back
Wonder dust is in my shoes again

Who can say what the future may bring
Only a fool would surmise
But I've got to run
And I never was one for goodbyes

Restless feelin'
You'll have to go way off the beaten track to find me, Jack
And the way I'm feeling now, don't expect me back
Wonder dust is in my shoes again

Restless feelin'
La la la la, la la la

Restless feelin'
Restless feelin'
Restless feelin'
