

Shelley My Love

Nick Lowe

Shelley My Love
I only long to be where you are
Shelley My Love
Now and forever more
Shelley My Love

When I see you I catch fire
And soon I'm all aflame
I feel it start whenever you call my name
All around I feel a passion
That fills my very soul
I put it down to that I love you so

Shelley My Love
I only long to be where you are
Shelley My Love
Now and forever more
Shelley My Love

All around I feel a passion
That fills my very soul
I put it down to that I love you so
This time I'm into something
That is not of this world
The love I got is supernatural, girl

Shelley My Love
I only long to be where you are
Shelley My Love
Now and forever more
Shelley My Love
