

Time Wounds All Heels

Nick Lowe

Well, you've been gettin' away with murder
Time wounds all heels, time wounds all heels
This can't go on much longer
Time wounds all heels, time wounds all heels

Oh, you didn't give me no water
Time wounds all heels, time wounds all heels
Who's keeping law and order
Time wounds all heels, time wounds all heels

Oh, revenge is sweet and I'll get mine
One day you'll pay for all your lovin' crimes

Uneducated fool who never learned
I just took my turn time after
Time wounds all heels, time wounds all heels
Time wounds all heels, time wounds all heels
Time wounds all heels, time wounds all heels

I'll take my time

I'll just bide my time wounds all heels
Time wounds all heels, time wounds all heels
I'll just bide my time wounds all heels
Time wounds all heels, time wounds all heels

I thought it made sense like pennies and pence
We kept ahead of the past tense but then
Time wounds all heels
Time wounds all heels, time wounds all heels

You've been getting away with murder
You ain't getting no further
Well, you've been getting away with murder
