

And all of those scenes  
All of those saints  
They show another way  
Hiding in the ground to be shown again  
Keep lighting in your  
In your scenes, yeah, yeah  
Given to those who  
Who dare to dream

Whoa oh, yes, I'm missing every one of you  
But I, I don't know which one is coming through  
Yes, I'm feeling dazed, grace in solitude  
And oh this feeling yeah, it's coming true

All I have seen  
But never known  
All I have lived  
But not alone

And I played in mind  
And I played in sound  
I played in my heart again  
Falling out of reach  
And out of your keep again  
Keep lighting in your  
In your scenes, yeah, yeah  
Don't matter how much they shine and gleam

Whoa oh, yes, I'm missing every one of you  
But I, I don't know which one is coming through  
Yes, I'm feeling dazed, grace in solitude  
And oh, this feeling yeah, it's coming true

All I have seen  
But never known  
All I have lived  
But not alone

Whoa oh, yes, I'm missing ev-  
Every one of you  
But I, I don't know which one  
Which one is coming through
