

Have a Little Faith in Me

Nick Santino

Catching my breath
Biting my tongue
I've been waiting here all night
I say your word
And you listen close
Hoping that it comes out right

You got what I want
You got what I need
So have a little faith in me
Oh have a little faith in me
You got what I want
And that's all that I need
So have a little faith in me
Oh have a little faith in me

I've waited my turn
I stood there for days
Hoping you would come outside
Hoping I could make you stay
But I looked away
And I saw your heart break
From all of my mistakes
That I made

You got what I want
You got what I need
So have a little faith in me
Oh have a little faith in me
You got what I want
And that's all that I need
So have a little faith in me
Oh have a little faith in me

And it's taking me this long
To figure it out
And it's taking me this long
But I think that I've got it now
Sometimes you need know
How far you fall
Cause when you open up your eyes
You see that you've lost it all

You got what I want
You got what I need
So have a little faith in me
Oh have a little faith in me
You got what I want
And that's all that I need
So have a little faith in me
Oh have a little faith in me
