

Long Way Home

Nick Santino

The FM plays nothing I know
As I'm driving down this open road
See all these numbers, yeah I've counted them before
But I got a long way back home
And all I'm hearin' on the radio is

Some say hey (hey!)
Some say ho (ho!)
Those fifteen minutes, they will come and go
But I've got more than fifteen minutes left to blow
Yeah I got a long way back home (long way home)
But all I'm hearin' on the radio is

So won't you play something I know
A little old time rock n' roll
Oh give me "Shelter" by the Rolling Stones
Cause I got a long way back home
Yeah we got a long way back home
And all I'm hearin' on the radio is
